WHAT IS ICOM

The International Council of Museums, ICOM, is a network of more than 30,000 members and museum professionals who represent the global museum community. Members and experts represent 136 countries and territories to respond to challenges museums face worldwide.

WHAT IS ICMEMO

IC-MEMO is one of ICOM's 31 International Committees. Committees are global think tanks on museums and heritage issues. They define the museum professional's standards, share scientific information, establish partnerships with other organizations, and develop recommendations for ICOM members.

ICMEMO

THE MEMORIAL MUSEUMS COMMITTEE

ICMEMO aims to foster responsible memory of history and further cultural cooperation through education in the pursuit of peace, key goals of UNESCO. The mission of many of our member memorial museums is to commemorate victims of State crimes, of socially-consented or of ideologically-motivated crimes. Institutions are frequently located at original historical sites or at places chosen by survivors of such crimes for the purpose of commemoration. They seek to convey information about past events in a way which retains a historical perspective while also making strong links to the present.
